

FOR IMMEDIATE RELEASE

AgroFresh Provides Tools for Fruit Quality Management in Growing Asia Market
Products to be showcased at 2016 Asia Fruit Logistica

PHILADELPHIA, Sept. 8, 2016 – AgroFresh Solutions, Inc. (NASDAQ: AGFS) looks forward to participating in 2016 Asia Fruit Logistica. Serving as the hub for fresh produce in Asia, the event brings together key representatives from the fresh fruit and vegetable market in Hong Kong, Sept. 7 - 9.

“As the fresh produce market in Asia expands, so does the focus on food quality,” said Peter Vriends, Vice President of Commercial Trade for EMEA & Asia, AgroFresh. “Through an integrated fruit quality management program from AgroFresh, more people throughout the supply chain — from growers to retailers to consumers — can benefit from higher fruit quality and reduced food waste.”

Featured products from AgroFresh include SmartFresh™ post-harvest technology and RipeLock™ post-harvest system. Visitors of the show will have the opportunity to learn about these products as well as how to optimize management practices to enhance fruit quality.

Asia Fruit Logistica is Asia’s leading trade show for the international fresh fruit and vegetable business. With 9,000 high-level buyers and visitors, attendance at Asia Fruit Logistica is expected to be 20 percent higher than 2015.

For more information about the show, visit www.asiafruitlogistica.com.

For more information about food quality management, visit AgroFresh at Asia Fruit Logistica in Hall 3B, booth M-27, go to AgroFresh.com or contact your local AgroFresh representative.

###

About AgroFresh

AgroFresh Solutions, Inc. (NASDAQ: AGFS) is a global horticultural produce industry leader, providing a portfolio of innovative products and specialty services to maintain the freshness, quality and value of fresh produce and flowers. Its core products include SmartFresh™, the proven post-harvest freshness protection technology for produce; Harvista™, the advanced pre-harvest technology for apples and pears; RipeLock™, the

innovative post-harvest quality system for bananas; and LandSpring™, an innovative pre-planting transplant shock reduction application for tomatoes and peppers. AgroFresh currently operates commercially in more than 40 countries and employs more than 170 people worldwide. For more information, visit www.AgroFresh.com.

Forward-Looking Statements

In addition to historical information, this release may contain “forward-looking statements” within the meaning of the “safe harbor” provisions of the United States Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, included in this release that address activities, events or developments that the Company expects or anticipates will or may occur in the future are forward-looking statements and are identified with, but not limited to, words such as “anticipate”, “believe”, “expect”, “estimate”, “plan”, “outlook”, and “project” and other similar expressions (or the negative versions of such words or expressions). Forward-looking statements include, without limitation, information concerning the Company’s possible or assumed future results of operations, including all statements regarding anticipated future growth, adoption of the Company’s products, business strategies, competitive position, industry environment, potential growth opportunities and the effects of regulation. These statements are based on management’s current expectations and beliefs, as well as a number of assumptions concerning future events. Such forward-looking statements are subject to known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the Company’s management’s control that could cause actual results to differ materially from the results discussed in the forward-looking statements. These risks include, without limitation, the risk of increased competition; the ability of the business to grow and manage growth profitably; changes in applicable laws or regulations, and the possibility that the Company may be adversely affected by other economic, business, and/or competitive factors. Additional risks and uncertainties are identified and discussed in the Company’s filings with the SEC, which are available at the SEC’s website at www.sec.gov.
